

Animal Chart

Reading Activities

Use the animal data gathering chart to research an animal of your choice and display your information in an interesting way. You might make a poster, powerpoint, book.

Picture Book

Write your own picture book for Room 7 to read. You need to plan your picture book using a story board first. Once you have planned it and had it checked you can write and publish your story.

Picture Books

Complete these activities using the picture books that you have read.

- Write a detailed character description about one of the characters in a picture book you have read.
- Use a venn diagram to show the similarities and differences between two picture books.
- Create a quiz about one of the picture books you have read.

Thinking Hats

Use the yellow hat and black hat to write 3 good points about a picture book you have read and 3 bad points about it. Remember to write your ideas in full sentences

FLIGHT

- Design a way of flying in the future. Draw, label and describe your flying machine.
- Complete a venn diagram to compare 2 different things that fly.
- Create an acrostic poem or rap about flight.
- Display what you have learnt about flight in an interesting way eg book, poster, powerpoint, imovie

Newspaper News

Using the newspaper or kiwi kids news website complete these activities for the articles you have read.

- Newspaper Bingo Sheet
- Current Events Web
- Word Investigation
- The Big Idea
- KWL
- Newspaper Review
