

Treetops Stage 11

The Fabulous Food Machine

1. Look at page 31. How did the brothers make sure that the people would buy the machine?

2. Look at page 15. How was the machine powered?

3. Look at page 13. How did the brothers make sure that the people would say that the food was delicious?

4. What should someone have said in this story?

5. Look at page 28. How did Grandpa solve the problem of cooking the party food for Carlo's party?

6. Now look at page 31. How were the brothers punished?

7. Do you think was it a clever way to trick people?

8. Do you think the ending was fair and why?

Treetops Stage 11

The Fabulous Food Machine

1. Look at page 31. How did the brothers make sure that the people would buy the machine?

They cut off the power so there was no electricity to cook.

2. Look at page 15. How was the machine powered?

It ran on batteries.

3. Look at page 13. How did the brothers make sure that the people would say that the food was delicious?

They said that only the best cooks can taste how truly delicious it is. If you have never tasted wonderful food you won't be able to taste this.

4. What should someone have said in this story?

They should have said that the cubes just taste like sawdust.

5. Look at page 28. How did Grandpa solve the problem of cooking the party food for Carlo's party?

He set up six barbecues.

6. Now look at page 31. How were the brothers punished?

They were locked up and all they had to eat was a brown cube for breakfast, a blue one for lunch and a green one for supper.

7. Do you think was it a clever way to trick people?

Open.

8. Do you think the ending was fair and why?

Open.
