

Forty Years Of Changes

In the forty years from 1940 to 1980 many things changed. Choose one of the following to investigate how much things changed over this time.

- Cars
- Kitchens
- Fashion
- How people listened to recorded music
- Technology
- Medicine
- Pop music
- Planes
- Housing
- Political geography (e.g. Countries changed their names, their leaders or were invaded by other countries)

Please include illustrations in your work, but don't forget to write down how things changed and what made them change.
