

## Using Logo (2)

Look back at your Using logo (1) sheet

Use what you have found out to draw a square

Begin by doing it bit by bit

If it doesn't work then clear the screen and change your instructions!

Now clear the screen.

Now see if you can do the whole square in 1 go, without giving the turtle a rest at all!

Write your procedure here:

Finished:

Experiment to see how you can change the colour of the square you are drawing?

Can you draw a square within a square?
