

Patterns of Three by _____

Can you count in 3's?

On the number grid, count in threes and colour in the number you land on. The first 2 are done for you.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Can you see the pattern you have made? Write down the numbers you coloured in the boxes?

I coloured these numbers...

3	6						

Patterns of Three

by _____

Look at this number square, it is really different from the first one, isn't it? Can you see it starts in the middle and the numbers go round? Can you follow them with your finger?

Do you remember the pattern of 3's from the first grid? Can you count in threes and colour in each number you land on in this grid? I've done the first 2 for you.

43	44	45	46	47	48	49
42	21	22	23	24	25	26
41	20	7	8	9	10	27
40	19	6	1	2	11	28
39	18	5	4	3	12	29
38	17	16	15	14	13	30
37	36	35	34	33	32	31

Can you see the pattern you made this time. Is it the same as the first one?

Can you count in threes?
