# Group Practice Activity

Adding in Parts

We are learning to add by splitting numbers into parts.

Use equipment to solve these problems.

1. I have 35 beans and I get another 7. How many beans to I have?
   $35 + 7 = ?$

2. If there are 49 people at the movies and 9 more arrive, how many people are at the movies?

3. 6 people arrive early for the sausage sizzle. 38 people arrive on time. How many people are at the sausage sizzle?

4. I earned $6 for doing jobs around the house. My Mum gave me $35 for my birthday. How much money do I have now?

Try to solve these problems in your head without using equipment.

5. $75 + 8 =$
6. $9 + 48 =$
7. $6 + 67 =$
8. $75 + 7 =$
9. $74 + 7 =$
10. $94 + 7 =$
11. $9 + 89 =$
12. $58 + 5 =$
