People's Ages

We are learning to apply mental subtraction methods to an application.

James Smith decides to find out about his family and their history. He gets the following information from his grandparents. He decides to find out how old each of his ancestors were when they died. Work out the ages of these people.

	Born	Died
Margaret	21/12/1943	12/01/2003
Arthur	13/12/1956	01/12/1991
Ella	01/03/1856	12/12/1911
Norman	28/09/1924	12/02/2002
Patrick	30/08/1878	21/03/1922
Ruth	23/12/1919	21/07/1991

List the family members in order of how long they lived.

List the family members in order of when they were born.

List the family members in order of when they died.
