

'SUBTRACTION 100'

PLAYER 1 _____

PLAYER 2 _____

(TO BE PLAYED IN PAIRS)

YOU WILL NEED A DIFFERENT COLOUR PENCIL EACH AND TWO DICE BETWEEN YOU.

PLAYER 1 GOES FIRST -

THROW BOTH OF YOUR DICE; SUBTRACT 'YOUR NUMBER' FROM 100 AND COLOUR IN THE ANSWER WITH YOUR OWN COLOUR PENCIL.

E.g. IF YOU THROW '3' AND '4', THIS CAN BE EITHER '34' OR '43'.

$$100 - 34 = \textcircled{66} \quad 100 - 43 = \textcircled{57}$$

**SO YOU COLOUR IN '66' OR '57'. IF THE ANSWER HAS ALREADY GONE YOU WILL HAVE TO MISS A GO!
THE PLAYER WITH THE MOST COLOURED IN ANSWERS WINS. (IF YOU LIKE YOU CAN KEEP A TALLY!)**

89	79	69	59	49	39
88	78	68	58	48	38
87	77	67	57	47	37
86	76	66	56	46	36
85	75	65	55	45	35
84	74	64	54	44	34
