 $62 - 6 =$

Challenge:

Now get some Numicon to complete these problems - the strategy is the same! Remember: You can draw the Numicon in your book if it helps you.

- A) A man has 62p and spends 7p. How much does he have left?
- B) Mrs Coady has 33 stickers and uses 8 to celebrate good work in Green Class. How many are left?
- C) Mrs Stringer needs to ride 23 miles on her bike. She stops after 5 to have a drink. How much more does she need to ride?
